

**THE BEERS**

Around 675 beers will go on sale, if ready, on Thursday. These beers will remain on sale until they sell out. A further 225 or so reserve beers will go on sale later in the festival once there is room, along with the remaining beers from Thursday. This is to ensure that there is still a good selection of beers available throughout the festival.

The beers on sale from Thursday are numbered to help you spot them on the bar. The reserve beers are marked "RES", apologies if these appear in a slightly random order, as they have to be fitted onto the stillage as space permits..

Breweries marked **NEW** have opened since last year's festival.

Beers marked **SIBA** are those entered into the SIBA competition

Breweries marked **LocAle** are situated within 20 miles of the festival

**SPECIAL FESTIVAL BREW BY MAIN GATE**
